01 BRAND ESSENCE

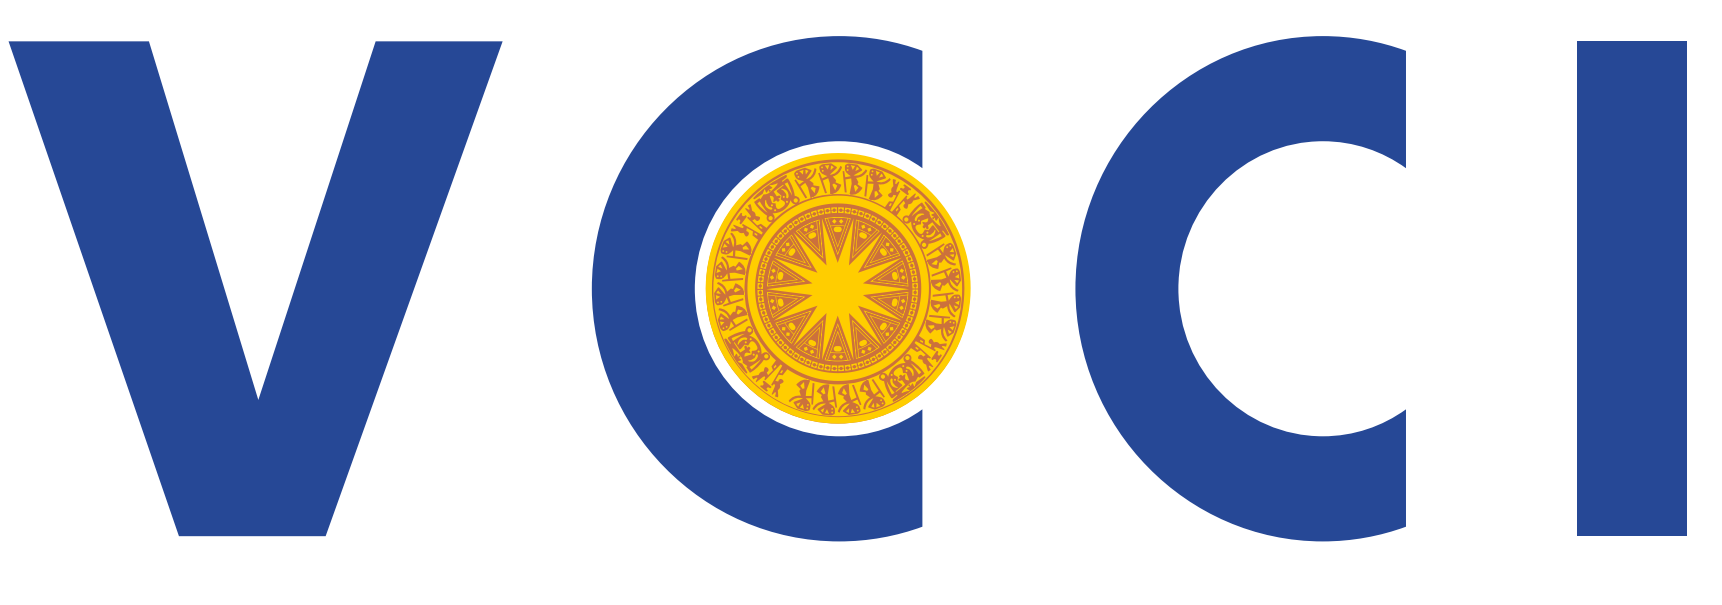
READING THE MARK

VCCI *unites, represents and protects* the Vietnamese business community. Its identity must carry the weight of a national institution and the warmth of a trusted partner.

FORM	Monumental geometric capitals — heavy, square-shouldered, built from circles and clean cuts. Engineered stability.
SYMBOL	The Đông Sơn bronze-drum sun: fourteen rays, ringed by figural bands — Vietnam's oldest emblem at the heart of the name.
COLOUR	State blue for authority and permanence; drum gold for prosperity, heritage and national pride.
CHARACTER	Authoritative · Trusted · Enduring · Proud. Formal, yet a partner — never bureaucratic.

02 PRIMARY LOGO

FULL COLOUR · POSITIVE



WORDMARK	SYMBOL	ONE COLOURWAY
Four geometric capitals in VCCI Blue. Never redrawn, re-spaced or set in type.	The drum sun sits inside the first C, framed by a fine white ring — one centre.	Blue letters on light grounds only. No white, gold or symbol-only versions.

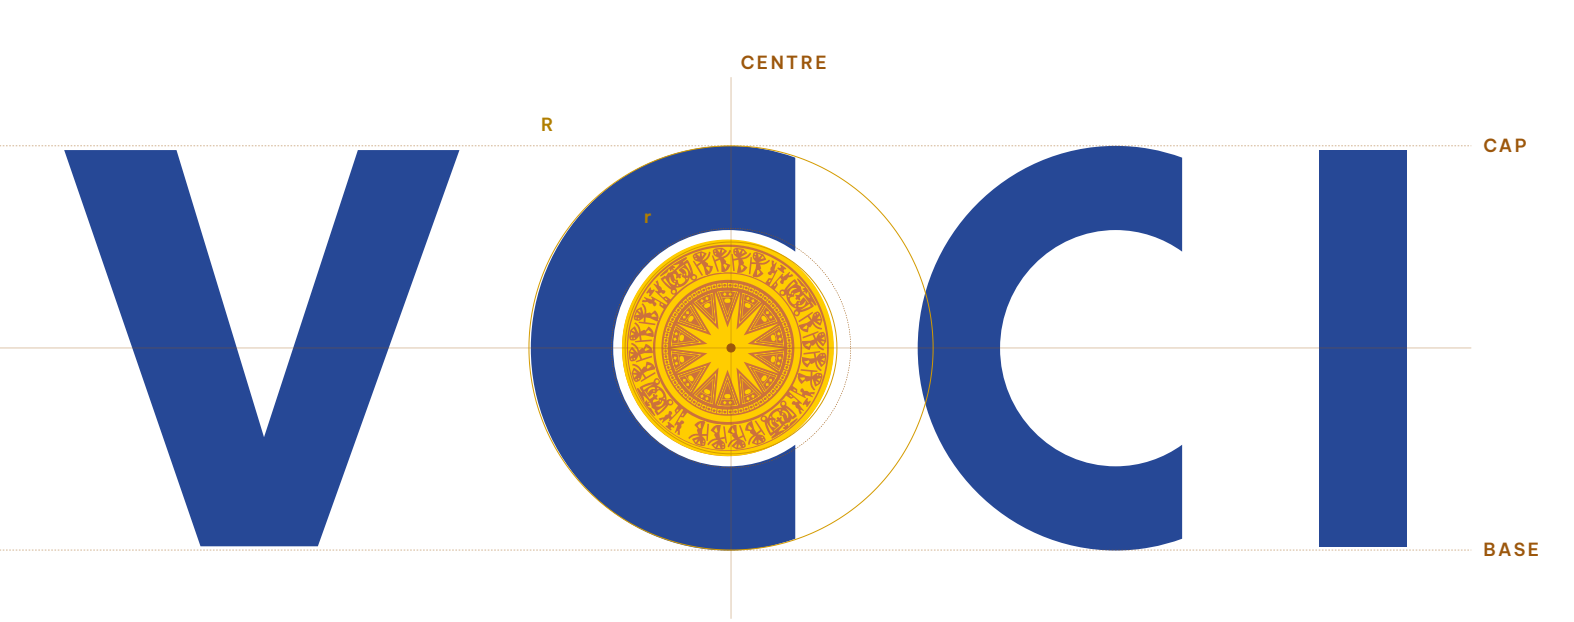
03 CONSTRUCTION & PROPORTION

ONE CENTRE, ONE RATIO



$r \approx \frac{1}{2} R$	0.52 H	x = r
Drum radius to the outer radius of the first C. One centre; a fine white ring keeps them apart.	The drum's diameter is just over half the cap height — the mark's governing module.	The drum radius (≈ ¼ H) defines clear space, plate padding and logo margins.

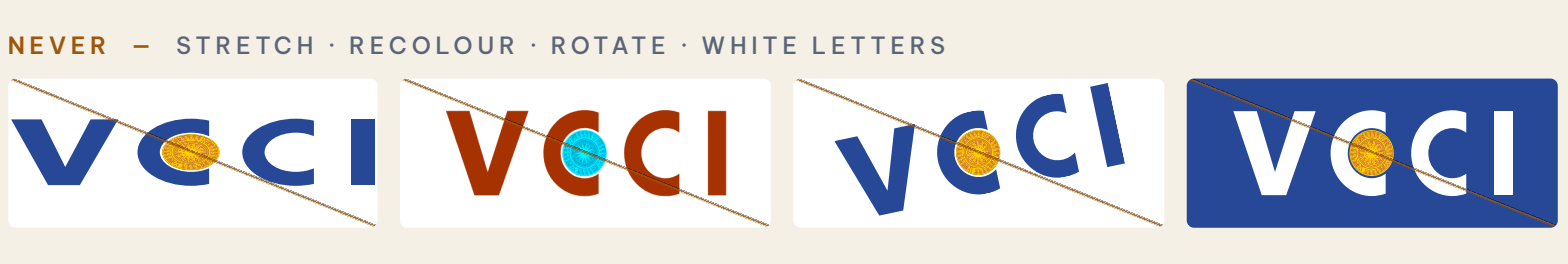
NEVER — STRETCH · RECOLOUR · ROTATE · WHITE LETTERS



04 COLOUR

SPECIFIED BY THE MASTER ARTWORK

A palette of *state* & heritage.

Blue carries the institution; gold and bronze come from the drum itself and are used sparingly — as a signature, never as a flood. Bronze Ink #9C570C is the text-safe tone for small labels.

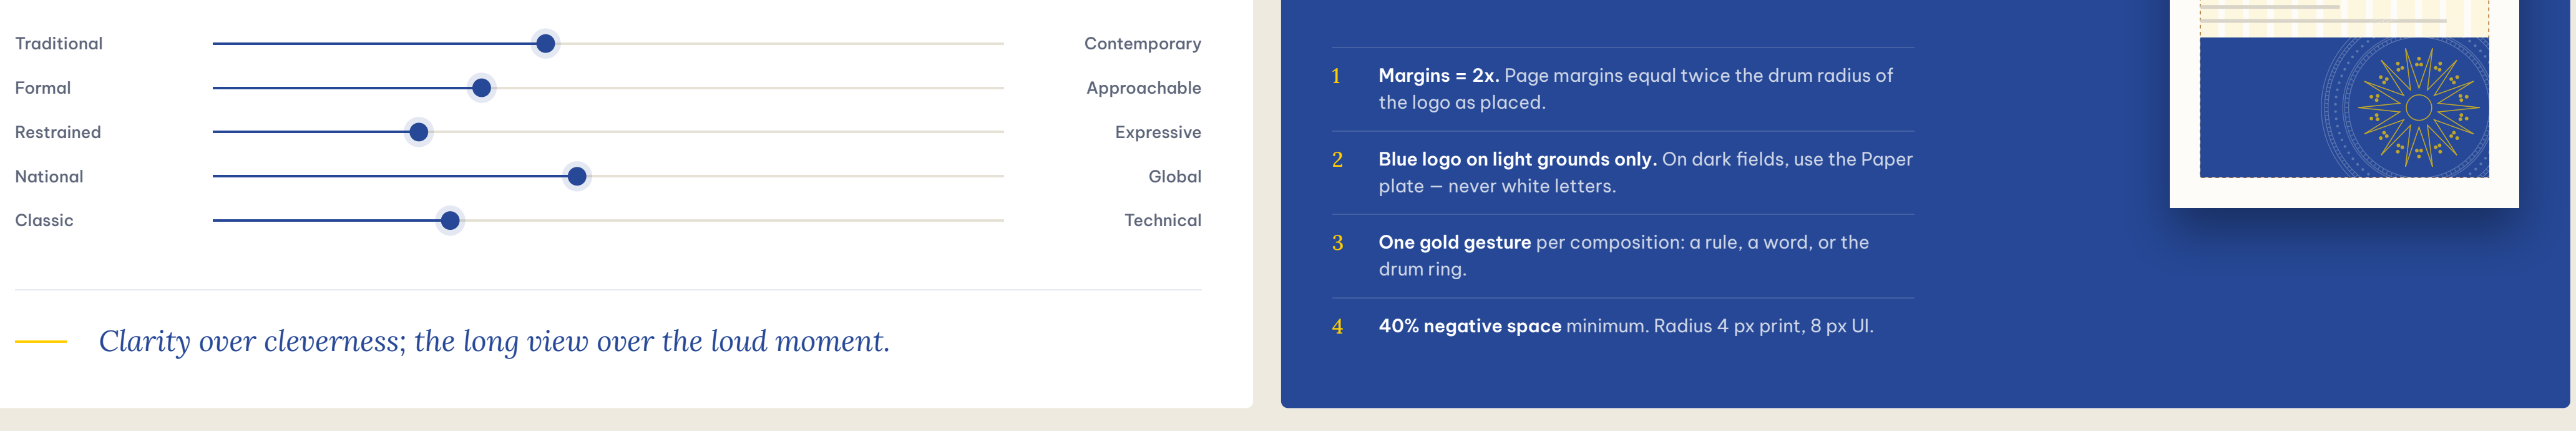
09 VISUAL TONE

HOW THE BRAND FEELS

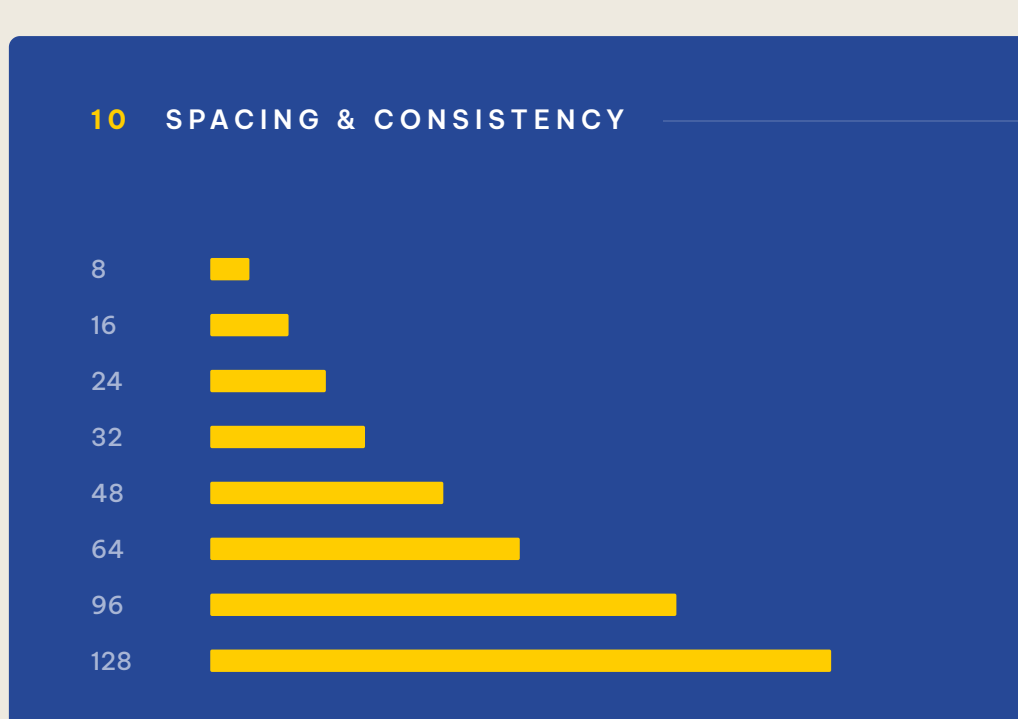
Authoritative. Large serif statements, firm alignments, generous margins.	**Rooted.** Heritage through the drum — quoted, never decorated.
Measured. One accent per surface. Quiet confidence over volume.	**Open.** Warm paper, real people, documentary light — never stock gloss.



Clarity over cleverness; the long view over the loud moment.

10 SPACING & CONSISTENCY

8-POINT SYSTEM



Báo cáo thường niên 2026

1. **Margins = 2x.** Page margins equal twice the drum radius of the logo as placed.
2. **Blue logo on light grounds only.** On dark fields, use the Paper plate — never white letters.
3. **One gold gesture** per composition: a rule, a word, or the drum ring.
4. **40% negative space** minimum. Radius 4 px print, 8 px UI.
